Professional Summary

Motivated IT graduate with hands-on internship experience building full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Proficient in developing responsive, user-friendly interfaces with React.js, HTML5, CSS3, and JavaScript, with working knowledge of TypeScript and Angular. Experienced in implementing REST APIs, JWT authentication, and component-based UI design. Strong problem-solving skills with an eye for UI/UX design principles. Seeking a Frontend Developer or Full-Stack Developer internship to deliver real-world impact through clean, efficient, and scalable code.

Technical Skills

Frontend: React.js, HTML5, CSS3, JavaScript (ES6+), TypeScript, TailwindCSS, Bootstrap, Responsive Web Design

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Databases: MongoDB, MySQL

Frameworks: Angular (Basic), AngularJS (Basic)

Languages: JavaScript, TypeScript, Java (Intermediate), Python (Basics), SQL, C

Tools & Platforms: Git, GitHub, VS Code, Postman, Netlify, Render, Vercel, AI Tools

Concepts: DSA, OOP, UI/UX Design Principles, Component-Based Architecture, Version Control

Experience

Infosys

Remote

Full-Stack Development Intern

October 2025 – December 2025

- Developed and deployed **SkillBridge**, a responsive full-stack web application using React.js (frontend) and Node.js + Express.js (backend), enabling NGOs and volunteers to connect through a seamless, user-friendly interface.
- Built and integrated RESTful APIs for user registration, authentication, and opportunity management, following REST best practices for scalable backend architecture.
- Implemented role-based JWT authentication (Volunteer and NGO roles) with secure password hashing, protected routes, and dynamic React dashboards tailored per user role.
- Designed MongoDB data models and built CRUD operations for opportunity listings with skill/location-based filtering, improving data retrieval efficiency and user experience.

Projects

SkillBridge | *React.js, Node.js, Express.js, MongoDB, JWT, REST APIs* | [🔗 Live](#) [🔗 GitHub](#)

- Architected and deployed a production-ready full-stack MERN platform connecting skilled volunteers with NGOs, featuring responsive React.js UI with role-specific dynamic dashboards.
- Designed and implemented RESTful APIs with Node.js and Express.js for user management, opportunity CRUD, and application tracking with real-time MongoDB database updates.
- Engineered secure role-based authentication (JWT + bcrypt) with protected React routes, ensuring user-specific data access and preventing unauthorized operations.
- Built advanced skill/location-based filtering on both frontend and backend, significantly improving opportunity discovery and overall user experience.

Contact Manager | *React.js, Node.js, Express.js, MongoDB, JWT, REST APIs* | [🔗 GitHub](#)

- Built a production-ready full-stack Contact Manager using the MERN stack with a responsive React.js frontend, enabling users to securely register, authenticate, and manage personal contacts.
- Implemented JWT-based authentication with bcrypt password hashing and protected React routes, ensuring secure user sessions and preventing unauthorized data access.
- Developed user-scoped RESTful APIs with Express.js for complete CRUD operations, enforcing backend authorization so users can only access and modify their own contact data.

- Designed MongoDB data models with user-specific access control and backend security middleware, ensuring data privacy, scalability, and integrity across all API endpoints.

Portfolio Website | *HTML, CSS, JavaScript, EmailJS* | [🔗 Live](#) [🔗 GitHub](#)

- Built a responsive personal portfolio with dynamic skill and project loading from JSON data files.
- Integrated EmailJS for a functional contact form with email validation and status feedback.
- Implemented scroll-reveal animations, sticky navbar, and mobile hamburger menu for a polished UX.

Education

Sri Venkateswara College Of Engineering <i>B.Tech in Information Technology</i> CGPA: 8.43	Tirupati, AP 2023 – 2026
Dr. K.V.S.R Institute of Technology <i>Diploma in Mechanical Engineering</i> 80.72%	Kurnool, AP 2020 – 2023
Sri Sarada Niketan High School, BSEAP <i>SSC (10th Grade)</i> 99.5%	Adoni, AP 2020

Extra-Curricular Activities

- Manage Endhukoo Cheppalanipinchindhi, a content page where I create and share real-life insights, helping people gain clarity, perspective, and personal growth through thoughtful content.
- Served as a **Volunteer** for campus recruitment drives, college events, and student engagement activities, contributing to event coordination and execution.
- Organized and coordinated events during departmental fests and annual college celebrations, demonstrating leadership, teamwork, and event management skills.
- Earned the **CodeChef Diamond Badge** by maintaining a **100-day coding streak**, showcasing consistency, discipline, and commitment to continuous learning.
